

Create your own colour scheme

Roof

The roof is often not seen so choose a colour for its durability. Resene Hi-Glo (gloss) is ideal. See the Resene Hi-Glo colour chart for colour ideas. Consider using a Resene Cool Colour to minimise heat buildup.

Art Deco

Walls

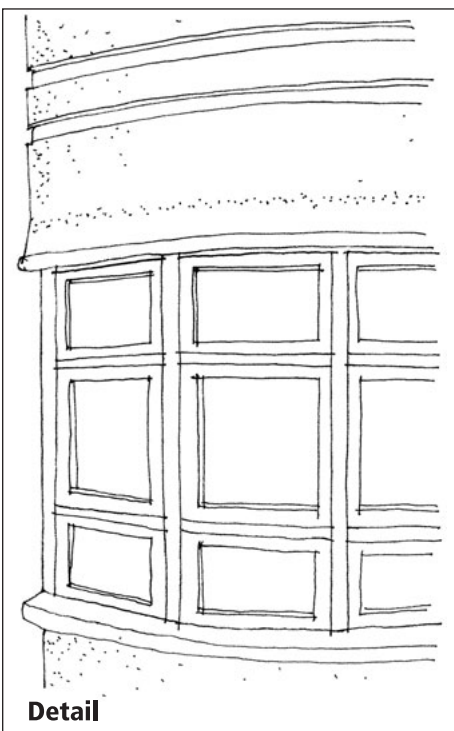

This style of house suits walls finished in white, light or pastel shades. Use Resene Hi-Glo (gloss), Resene Sonyx 101 (semi-gloss) or Resene Lumbersider (satin).

Windows and doors

Windows look best in white or painted to match the walls. However, the addition of another colour may be a good idea to provide interest. Use Resene Enamacryl (gloss waterborne enamel) or Resene Lustacryl (semi-gloss waterborne enamel).

Trim

Decorative features and windowsills may be painted in darker or brighter colours to provide contrast.

Detail

Build your scheme by adding swatches of your favourite Resene colours to the boxes. Or try out Resene EzyPaint virtual painting software and see your favourite Resene colours virtually painted onto your own project. Resene EzyPaint is available free from the Resene website or may be borrowed or purchased from Resene ColorShops and stockists.
