

It's easy to create this cool magnetic noughts and crosses game with Resene Magnetic Magic.

### You will need:

- Chalk
- Damp cloth
- Paintbrushes
- Resene Quick Dry Acrylic Primer Undercoat
- Resene Magnetic Magic
- Testpots of Resene Tory Blue and Resene Java
- Wooden fruit fridge magnets

#### Step one

Prime the artist board with one coat of Resene Quick Dry Acrylic Primer Undercoat. Leave to dry for at least an hour.

#### Step two

Paint the board with two coats of Resene Magnetic Magic, allowing three hours to dry between coats.

#### Step three

Paint the board with two coats of Resene Tory Blue, allowing two hours to dry between coats.

#### Step four

Using the chalk, draw four wavy lines to create a noughts and crosses grid.

#### Step five

Paint every other square with two coats of Resene Java, allowing two hours to dry between coats.

#### Step six

Once the paint is dry, wipe off any chalk marks with a damp cloth. Assemble the wooden fridge magnets and get playing!

#### Top tip:

Always stir Resene Magnetic Magic thoroughly before using as magnetic particles can settle.

#### Here's another idea:

Use Resene Blackboard Paint and Resene Java to create a noughts and crosses chalk board.
