

You will need:

- Bucket
- Garden hose with clean running water
- Garden sprayer
- Mineral turpentine for cleaning brush
- Old wooden fence (ours was previously stained with a waterborne woodstain)
- Paintbrushes
- Resene Lumbersider tinted to Resene Quarter Bianca and Resene Sandy Beach
- Resene Moss & Mould Killer
- Resene Timber and Deck Wash
- Resene Wood Primer
- Rubber gloves
- Stiff-bristled brush

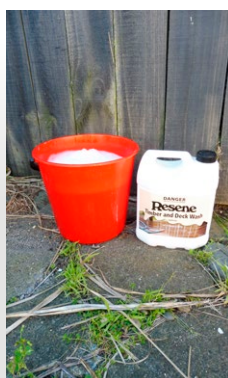

Step one

In the garden sprayer, mix one part Resene Moss & Mould Killer to five parts clean water.

Step two

Wearing rubber gloves, spray and soak the wooden fence with the solution and leave for 48 hours.

Step three

Mix one part Resene Timber and Deck Wash to three parts clean water.

Step four

Scrub the wooden fence thoroughly with the solution using a stiff-bristled brush.

Step five

Rinse well with clean water and allow the wooden fence to dry.

Step six

Apply one coat of Resene Wood Primer to the fence and allow to dry. Clean brush in mineral turpentine.

Step seven

Apply two coats of Resene Quarter Bianca to the top capping and fence posts allowing two hours for each coat to dry.

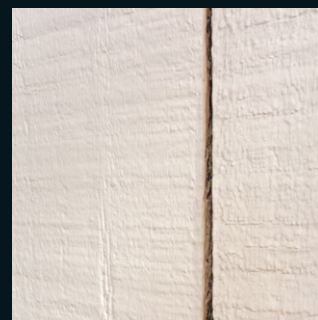

Step eight

Apply two coats of Resene Sandy Beach to the fence palings allowing two hours for each coat to dry.

It's easy to spruce up an old stained wooden fence with a little bit of help from Resene.

To get the look:
Mark stained the wooden garden shelves with Resene Waterborne Woodsman tinted to Resene Uluru.

Other ideas:
For a warm yellow effect paint the fence with Resene Lumbersider tinted to Resene Chardonnay.
