## MAKING an ENTRANCE

Maureen Allen, the second winner of our Making an Entrance competition in conjunction with Resene, says people thought she was mad choosing Resene Clockwork Orange for her striking front door in the Napier suburb of Taradale, but it was something she had always been keen to try.

“My inspiration for the door colour was in my head, something I always wanted,” she explains. “It was many orange testpots later that Resene Clockwork Orange rang all the bells.” Those initial doubters have been surprised to see how good the door looks, Maureen says. “As I am heading towards my 80s I thought, ‘here goes nothing’.

“I love it and it makes me smile every day.”
