Save time and money with our *free* School Services

Resene
the paint the professionals use

We make painting and decorating projects *easier* for you.

School life is busy enough creating the best learning environments, let alone managing a painting project. Not only can we help you to protect your building assets, but we can also help you create a vibrant school environment.

Resene School Services are designed to help you manage your school painting and decorating projects, and save you time and money, while minimising disruption to your school. Our services are **free**, so you can use us as much as you need, without worrying about the cost. We have assisted thousands of schools with their painting and decorating projects. Let us help you with yours.

Why do so many schools *choose* to use Resene?

- Full support available at all stages of the project.
- Complete range of paint systems and coatings including:
  - Decorative finishes
  - Protective coatings designed to protect surfaces in aggressive environments
  - A range of weathertight and durable textured coatings
- Technical expertise
- Extensive colour range and colour services to help you choose
- Sustainable product range and our commitment to making new sustainable technologies available
- Proven track record in working with schools
- Quality products produced in manufacturing facilities with ISO:9001 and ISO:14001 certification
- Written warranties

We are the leaders in providing professional advice, high quality products and superb colours – three vital ingredients in any successful coating project. Whether your project is large or small, we can help you and your school team with your painting and decorating projects. It's your choice how much assistance you would like us to provide.

Everything you need in one place

To get started on your next painting and decorating project, contact us today at **schoolservices@resene.co.nz** or visit our online school service hub at **resene.com/schoolservices** to find out more.

Benefits you will enjoy working with free Resene School Services…

Resene School Services are designed to help you get the best result on your painting and decorating projects, with help available every step of the way, from choosing the colours and products, through to making sure they look good once they have been applied.

Save time

- ✓ Expert service and advice, whenever you need it.
- ✓ No matter how big or small your project is, we can help you choose the right products and colours and provide a product and colour specification so that you know exactly what you need from the prep to the product, colour and maintenance.
- ✓ Help you run tenders to choose local professionals (painters etc) to work with if required.

Quality paint finish

- ✓ We have a full range of quality products for all your interior and exterior projects.
- ✓ Enjoy consistent and quality paint for all projects that you can choose with confidence knowing your school will enjoy a quality finish.
- ✓ We can keep records of your paint and colour choices so you can avoid mismatched paints and colours, or one building looking out of place among the rest.
- ✓ Complete backup service available to assist you at any stage
- ✓ Your **Resene paint system** is designed to last and will keep looking good.
- ✓ Easy to follow maintenance instructions so you know how to keep the paint looking its best for longer.
- ✓ Voted **Most Trusted Paint Brand** since 2012
- ✓ **New Zealand made**, since we started in 1946.

Convenience

- ✓ With convenient **Resene ColorShops** all over New Zealand, you can come in and see our team or we can come to you.
- ✓ We can schedule our services to suit you. Want to paint or decorate over the holidays? We can organise everything in advance so you are ready to go when the holidays start.
  - **Resene colour consultants** can visit you at school and provide colour scheme recommendations, or you can visit at a Resene ColorShop.
  - **Resene technical representatives** can visit you at school and provide paint specifications and on the job progress checks. We can keep an eye on the project to make sure it is progressing well, so you don't have to.

Any colour you want

- ✓ Choose from our extensive **Resene Total Colour System** of thousands of colours organised into handy colour charts or we can create a colour match for you.
- ✓ Can't find the details for your existing school paint colours or want to use your uniform colours for your school buildings? Easy – we can create a colour match for you and record the details so they can be easily found in future.
- ✓ Handy **Resene testpots** mean you can easily try out your colour to help you make your final choice.
- ✓ See the finish before you start on large projects with **Resene RenderRite** – we can colour a photo of the school in your new colour scheme so you can check everyone is happy before the painting even starts.

Environmentally preferable

- ✓ The most extensive range of **Eco Choice** approved products.
- ✓ Low and **no added VOC paints** so rooms can be painted and occupied next day.
- ✓ Once the painting is done, we can recycle all paint cans and unwanted paints through the **Resene PaintWise** programme for you. No more storing paint and containers that you can't use. It's all part of the service.

Best of all, when you're specifying and using Resene paints, we can provide all this help to you – for free!

Typical project *flowchart*

Contact	Contact Resene School Services: **schoolservices@resene.co.nz** or your local Resene Representative
Site support	We will visit proposed repainting projects with you and determine the scope of the project.
Specification preparation	Specification preparation that will: • Detail preparation and painting systems by substrate. • If required, be used as a contract document. • Highlight potential problem areas. • In consultation with you, we can provide a number of warranty options for your consideration.
Colour scheme development	We will provide a colour consultancy service resulting in a colour scheme recommendation being presented for your approval. Resene offers a wide range of colour services from colour tools, such as colour charts and drawdowns, through to complete colour scheme development and Resene RenderRite electronic colour renders by specialised staff.
Tendering painting contractor recommendation/	We have strong working relationships with paint contractors and the construction industry and have intimate knowledge of their businesses and working methods. This knowledge is invaluable in the tendering process. Upon acceptance of the specification and colour scheme, we will provide suitable painting contractor recommendations if required. Resene are able to help manage the tender process and organise quotes. These quotes will be sent directly to your designated contact.
Site visits	Resene staff will visit the project while it is being coated to offer technical advice and assistance. All observations made during these visits will be recorded on Site Inspection Forms. Copies may be obtained by the client on request. The number of site visits will vary depending on the Resene warranty requested. Site Inspections are not intended as a replacement for the applicator's own quality assurance systems. These systems need to be managed by the applicator and principal contractor and any workmanship guarantees negotiated directly between these two parties.
Completed project	Upon completion of the project Resene will inspect the property and provide written acceptance of any Resene warranty obligations established at the time of specification writing. A record of Resene colours and coatings systems used for the project should be retained on file by the Property Manager.
