

Paint a pet

Mark Rayner's quirky project for children (and adults) will add some fun to your garden.

You will need:

- Large garden rock and paintbrushes (including artists' brushes)
- Resene Art Action Quick Dry
- Resene testpots in the following colours: Resene Fizz, Resene Alabaster, Resene Nero, Resene Grass Stain, Resene Lilac Bush, Resene Wet N Wild, Resene Clowning Around
- Resene Art Action Glaze (gloss)

1

Make sure the rock is thoroughly clean before applying one coat of Resene Art Action Quick Dry. Allow two hours to dry.

2

Apply two coats of Resene Fizz to the rock, allowing two hours for each coat to dry.

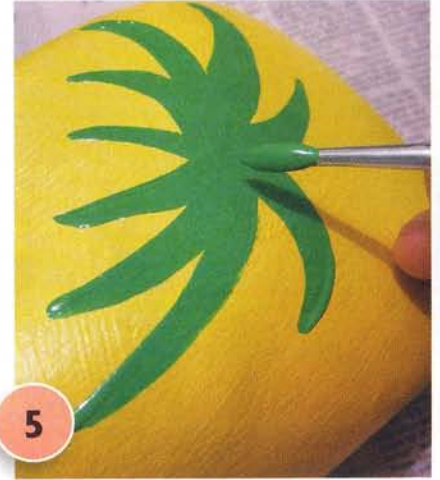

3

Paint two eye shapes with Resene Alabaster, an open mouth with Resene Nero and a tongue with Resene Lilac Bush.

4

Once dry, paint the centre of the eyes with Resene Wet N Wild and the teeth with Resene Alabaster.

5

Paint the hair with Resene Grass Stain.

6

Paint the lips with Resene Clowning Around.

7

Paint each eye's pupil and eyelashes with Resene Nero, and when dry, paint a highlight in each eye with a dot of Resene Alabaster.

8

Once all the paint is completely dry, apply one coat of Resene Art Action glaze and allow to dry for two hours.

Other ideas

Create a selection of crazy pet rock characters using your favourite Resene Testpot colours or leftover paint from other projects.
