SAFETY PRECAUTIONS

Read label before use. Keep out of reach of children. Causes skin irritation. Causes serious eye irritation. May cause long lasting harmful effects to aquatic life.

PRECAUTIONS

PRECAUTIONS USE WITH ADEQUATE VENTILATION. DO NOT EAT, DRINK OR SMOKE WHILE USING.

Store in original or correctly labelled container, tightly closed, in a well-ventilated area indoors, away from foodstuffs, at an ambient temperature and avoid freezing conditions. Wear protective gloves and clothing, eye and face protection. Wash all exposed external body areas thoroughly after handling. Avoid release to the environment.

FIRST AID

IF SWALLOWED: Rinse mouth. Call a POISON CENTRE, doctor or first aider if you feel unwell.

IF INHALED: If breathing is difficult, remove to fresh air and keep at rest in a position comfortable for breathing.

IF ON SKIN (or hair): Wash with plenty of water. If skin irritation occurs get medical advice. Take off contaminated clothing and wash before reuse.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do so. Continue rinsing. If eye irritation persists get medical advice or attention.

If medical advice is needed have product container at hand.

Further information can be obtained from
AUST: POISONS INFORMATION CENTRE 131 226
or call Resene 1800 738 383.

NZ: NATIONAL POISONS CENTRE 0800 POISON (764 766)
or call Resene 0800 737 363.

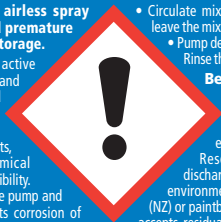

For use as corrosion control.

Resene Pump Protecta protects airless spray pumps against rust, corrosion and premature wear. Use for the final rinse and storage.

- Resene Pump Protecta contains an active anti-corrosive agent to protect pumps and related equipment from corrosion and rusting during short to long term storage. It can also be used to prevent corrosion in equipment used for water based products, including pressure washers and chemical sprayers where metal corrosion is a possibility.
- Corrosion control extends the life of the pump and reduces wear on pump parts. It inhibits corrosion of aluminium, carbon steel, copper, stainless steel and zinc.
- This product may be used to clean a wide variety of surfaces. If the surface you propose to clean is not referred to, try a small test area first or contact your local Resene ColorShop or reseller for advice.

Directions for use

- Shake well prior to use.
- Dilute 1 part of Resene Pump Protecta concentrate with 60 parts of clean fresh water when using as a final rinse solution or when equipment is to be stored for short term storage.
- Use without dilution for long term corrosion control when equipment is not being used in the long term.

- Circulate mixture completely through the pump and leave the mixture in the pump when storing equipment.
- Pump debris may become dislodged upon storage. Rinse the pump well with fresh water before using.

Be PaintWise

For tips on responsible disposal of paint, cleaning equipment and minimising the impact of your decorating on the environment see the Resene website. Do not discharge any paint into the environment. Resene PaintWise (NZ) or paintback.com.au (Australia) accepts residual unwanted paint and packaging. Or contact your Local Authority for disposal information. Please recycle.

Read the appropriate Safety Data Sheet before use.

Please ensure that use of this product is compatible with the substrate and surface preparation method. Resene does not accept any responsibility for the application of incorrect product to substrate. For further painting advice and information, call 1800 738 383 (AUST), 0800 737 363 (NZ) or visit the Resene website.
